SUBJECT: Distribution of Public Law 95-113, Section 1433, Animal Health and
Disease Research Funds for Fiscal Year (FY) 2010

Attached is a copy of the NIFA-OD-1088-D, Distribution of Animal Health and Disease Research (AHDR) Funds, for FY 2010. These funds are allocated under section 1433 of the National Agricultural Research, Extension, and Teaching Policy Act (7 U.S.C. 3195). The distribution identifies funds for the Small Business Innovation Research Program, reflecting the requirement that not less than 2.5 percent of the funds be set aside for that purpose in FY 2010. The distribution also identifies a set-aside for biotechnology risk assessment. Institutions who fail to have approved AHDR projects by June 30, 2010, will have their allocations redistributed to other eligible institutions during the fourth quarter of FY 2010.

NIFA (CSREES) transitioned to Grants.gov in FY 2008 for the submission of all administrative requirements via the SF-424 Mandatory Application Forms. NIFA will be soliciting for these applications via the FY 2010 Formula Grant Opportunity (FGO) - Final which will provide instructions for the completion and submission of these forms. NIFA will notify eligible institutions when the instructions and forms are available on the Grants.gov site. Therefore, there are no reporting requirements at this time. Please note that this process will not change any current reporting processes such as the Current Research Information System.

We will continue to email you regarding important information regarding all of the formula funds you receive. This information is released at our "Formula Grants News Updates" web page:

If you have any questions, please contact Patricia Myers, Team Leader, Formula Grants Section, Awards Management Branch, in the Office of Extramural Programs at 202-205-0453 or mail electronically to formulagrantsquestions@nifa.usda.gov.
